

## How does AWS Academy help students?

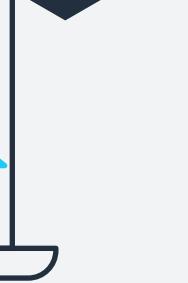

Companies need employees with AWS Cloud skills.

Companies of all sizes are investing in the AWS Cloud.

### There's a high demand for AWS Cloud literate employees:

**121% growth rate** for job postings that include the term "cloud computing" between 2013 and 2017.

of employers requested AWS skills by name in those listings.

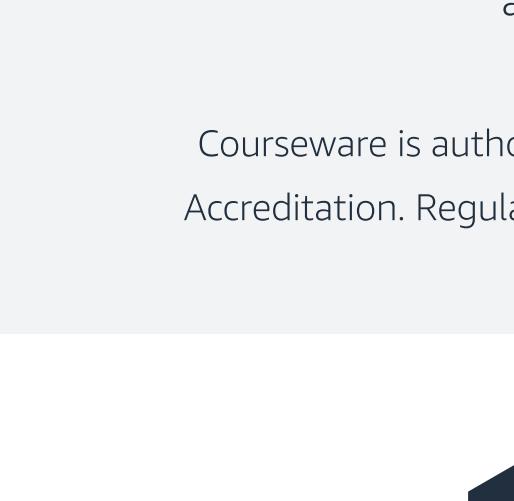

That's **24% higher** than the next-leading-requested cloud technology<sup>i</sup>.

- **68% of IT decision-makers** report a gap between employee skill levels and organizational needs<sup>ii</sup>.

- **29% of IT decision-makers** say they have trouble finding candidates with cloud computing skills<sup>iii</sup>.

Get real-world, in-demand skills and experience that set you apart.

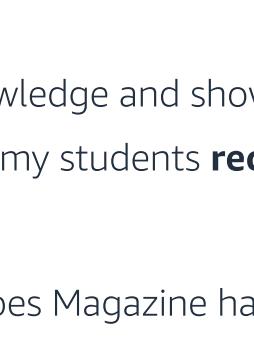

Learn the latest and greatest AWS Cloud computing technology through AWS Academy courses at your institution.

**Additional Student Cost: \$0**

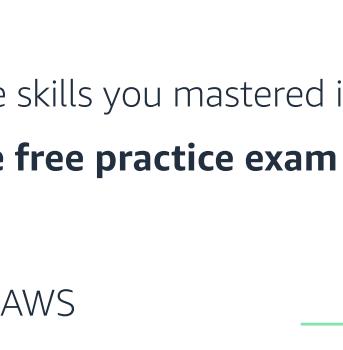

Students will learn about AWS Cloud through real-world scenarios and gain the skills needed to architect real-world solutions. **Real practice. Real experience. Real life.** You get hands-on, practical experience through:

Lectures

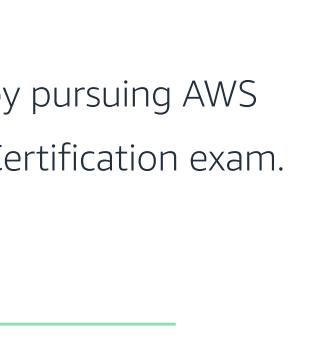

Knowledge assessments

Hands-on labs

Group discussions

Individual projects

Courseware is authored and maintained by AWS and taught by an educator who has earned AWS Academy Accreditation. Regular updates from AWS reflect the **pace of innovation, new releases and best practices**.

Unlock a world of opportunities with your AWS Cloud Literacy skills

AWS Academy prepares you to enter the workforce as a qualified job candidate.

The hands-on, real-world learning approach gives you the practical knowledge and skills needed to show what you know in an interview.

Demonstrate your knowledge and showcase the skills you mastered in your AWS Academy coursework by pursuing AWS Certification. AWS Academy students **receive one free practice exam** and a **50% discount** on the AWS Certification exam.

Forbes Magazine has ranked AWS Certification as one of the **top 15 most valuable IT certifications**<sup>iv</sup>.

The average salary for **AWS-Certified IT staff** is **29% higher** than average certified staff<sup>v</sup>.

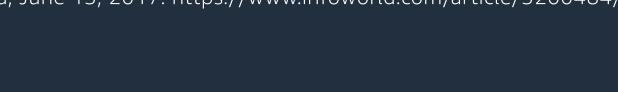

My advice to people leaving college is always the same: Get AWS-Certified.

— David Linthicum, InfoWorld<sup>vi</sup>
